

San Antonio Fusion Football Club

BUILDING STRONG PLAYERS. BUILDING STRONGER PEOPLE.

Academy Soccer Program Introduction

This summer the STYSA Coaching staff approved the SA Fusion FC Academy program for a Fall 2010 launch.

We are excited to expand our program to enable additional training options for interested players from U7 – U10.

Consistent with our philosophy as a club, we are starting our Academy in a way that is inclusive and allows as many players to participate as possible. We will focus on the individual development of these players and work in conjunction with their recreational coaches – targeting those players who are ready for a little more.

Please read on for more details and join us for some or all of our sessions this fall!

Ken Ewell
SA Fusion FC Academy Director, NEYSO Director of Coaching

San Antonio Fusion will continue to lead the development of soccer players in our community with our Academy program

SA Fusion Academy Soccer Training: Quick Facts

- Session size will be limited to maintain a low player to trainer ratio (priority will be given to players who commit to multiple sessions).
- Players are welcomed and encouraged to continue with their existing recreational teams and the coaches of these teams are all invited to observe our weekly training sessions.
- In the Spring, we will field Academy teams to compete in league play. These teams will be formed from players that participate in our Academy program this Fall, but will not be limited to those players.
- Fusion Academy training is open to all players from U7-U10.

Fall 2010 Academy Training Calendar

(All sessions will be held from 6-7:30 at McAllister Park)

10/8, 10/12, 10/15, 10/19, 10/26, 10/29, 11/5, 11/9, 11/14, 11/19, 11/21

Cost

\$100/10 sessions, \$50 for 4 sessions; \$15/session (pending availability)

Fusion Academy Training Staff

All sessions will be conducted in alignment with our Academy curriculum and led by our training staff. Our staff is experienced in development and instruction of youth players and creative, innovative ways to build skills and confidence while having fun.
